following up on our meeting on
Juen 30, 2009

Ms. Psyk, Ms. Combes, Mr. Kowalski, and Mr. Bussell:

You may recall that at our meeting on June 30 in Anchorage, I said that I represent six Tribes that are suing the State of Alaska and its Department of Natural Resources to overturn the current 2005 Bristol Bay Area Plan. As I said, they are likely to want to commence initial discussions with EPA and the Corps of Engineers about possibly being cooperating agencies on a future EIS on Pebble Mine.

I need to know to whom at EPA I should address such correspondence. I would also appreciate knowing the name and address of the appropriate counterpart at the Corps to whom I should address such correspondence.

I am attaching a copy of the Amended Complaint so that you can start to know the issues. Regardless of the outcome of the litigation, they are likely to affect the context and content of the EIS process.

Thank you,

Geoffrey Y. Parker
